Toll-Free Reception: 800.232.75465
Fax at 64: 617.252.0877
Fax at 38: 617.494.6561

Please note: Biosurgery's Operations organization is located on the 2nd and 3rd floors of 64 Sidney Street. Street parking for both facilities is very limited and difficult to secure. Garage parking is available in the Standard Parking facility which is located between Green and Franklin Streets off of Sidney. To enter the parking garage, take the first left off of Sidney Street onto Green Street. You will pass the entrance to the University Park Hotel and Star Market on your right before coming to the entrance to the garage. Visitors using this private parking facility will be responsible for any fees associated with its usage. Biosurgery does not provide validation for parking unless you are a Genzyme employee.

**From the Mass Pike East:**

- Take the Mass Pike East and get off at the Cambridge/Allston exit.
- Follow the Cambridge signs. At the end of the off ramp, you will come to an intersection with the Doubletree Guest Suites on your right and Genzyme's Allston facility on your left.
- Go straight through two sets of lights and over the bridge crossing the Charles River.
- Continue straight on River Street. This street ends when it meets Massachusetts Avenue at a major intersection in Central Square.
- Turn right onto Mass Ave.
- After about three blocks, you will come to an intersection with a fire station on your right and a Shell station just past the intersection on your left.
- Biosurgery is located in the third block of Sidney Street. The block consists of two buildings, 38 and 64 Sidney Street.

**From I-93:**

- Take the Storrow Drive exit and bear left to enter a short tunnel.
- You will come out on Storrow Drive West.
- Most of the exits are left-hand exits; be sure to stay to the right past the Government Center exit.
- Then maneuver to the left and take the Massachusetts Avenue exit. The ramp will come out at the foot of the Harvard Bridge.
- Go over the bridge, crossing the Charles River, and continue straight on Mass Avenue.
- You will pass the MIT campus, cross railroad tracks, and pass the NECCO building.
- There will be signs on your left for University Park at MIT.

- Sidney Street is the next left after these signs, just before the fire station on the left, and across from the Shell station.
- Biosurgery is located in the third block of Sidney Street. The block consists of two buildings, 38 and 64 Sidney Street.

**From the Subway:**

- Take the MBTA Red Line to Central Square.
- Go up to street level. You will be on Massachusetts Avenue.
- You want to get on the side of Mass. Avenue that has a Dunkin' Donuts and Papa Gino's and go in the direction of MIT/Boston and away from Harvard Square/Cambridge.
- Continue walking on Mass. Avenue toward Boston.
- You will cross a few streets and eventually come to a Salvation Army and then a Fire Station.
- Sidney Street is on the right and immediately follows the Fire Station.
- Biosurgery is located in the third block of Sidney Street. The block consists of two buildings, 38 and 64 Sidney Street.
